ABOUT US

UMKM J' Bowl Kitchen is a company engaged in the production and sale of premium snacks. The products produced are Bana Chips which are banana chips coated with melted chocolate. The raw materials for Bana Chips products come from bananas obtained directly from local farmers in Bogor and use premium chocolate ingredients to maintain quality. UMKM J' Bowl Kitchen also empowers the community around Ciampea Regency, Bogor Regency, in the product production process in order to empower the community's economy.

JBOWL KITCHEN

VISION & MISSION

VISION

Jbowl Kitchen is a center for the production of quality, innovative and sustainable Indonesian fruit chips and realizes a socio-entrepreneurial business that has a positive impact on the local community and the regional economy, especially around Ciampea District, Bogor Regency, West Java.

MISSION

- Produce quality fruit chips products using natural ingredients and hygienic and modern processing.
- Empower local farmers by processing agricultural products into high-value products.
- Improve the regional economy through job creation and development of culinary industries based on local ingredients.
- Introduce and popularize Indonesian fruit chips to a wider market, both nationally and internationally.
- Become a brand trusted by consumers for delicious and nutritious healthy snack products.
